PROJECT 1 PART 1: FLOWER RING

PREPARATION: Your kit includes enough pipe cleaners for one (1) flower ring or two (2) butterfly rings. Decide which you would like to make!

FLOWER RING

- 1. Decide which finger you would like to wear your ring on.
- 2. Line up your 2 green and 2 differently colored pipe cleaners evenly.
- 3. Bend all 4 pipe cleaners together to find the middle.
- 4. Twist all 4 pipe cleaners together at the middle point several times to create the base of the ring (twist more times for a larger ring and less times for a smaller ring).

- 5. Wrap the twisted part of the pipe cleaner bunch around your finger, and then twist the two ends together on top of your finger to close the ring.
 - ⇒ Pro-tip: Do not twist so tightly that you can't get the ring off your finger!

6. Spread the 8 pipe cleaner branches apart to form a star.

7. The 4 green pipe cleaners will form leaves and the 4 differently colored pipe cleaners will form spiral flower petals.

- To make flower petals:
 - a) Fold the very tip of a differently colored pipe cleaner down tightly.
 - b) Continue folding/
 - turning to create a tight spiral out of the pipe cleaner.

cleaners

cleaners

Scissors

MATERIALS (INCLUDED):

2 differently colored pipe

• 2 short black or brow pipe

MATERIALS (NOT INCLUDED):

• 2 Green pipe cleaners

c) Spiral the pipe cleaner all the way down to its base, keeping the spiral even along the way.

- d) Repeat for the 3 other differently colored pipe cleaners.
- To make leaves:
 - a) Follow steps a c above for creating spiraled petals.
 - b) Pinch/squeeze the outside pipe cleaner loop of the spiral slightly to make a point.

- c) Repeat for the 3 other green pipe cleaners.
- 8. Arrange your petals and leaves to look like a flower, with the green leaves on bottom and the differently colored petals on top.

PROJECT 1 PART 2: BUTTERFLY RINGS

PREPARATION: Your kit includes enough pipe cleaners for one (1) flower ring or two (2) butterfly rings. Decide which you would like to make!

BUTTERLY RING:

- 1. Decide which finger you would like to wear your ring on.
- 2. Line up 2 pipe cleaners (whichever color combination you like) evenly.
- 3. Bend the 2 pipe cleaners together to find the middle.
- 4. Twist the 2 pipe cleaners together several times to create the base of the ring (twist more times for a larger ring and less times for a smaller ring).

- 5. Wrap the twisted part of the pipe cleaner bunch around your finger, and then twist the two ends together on top of your finger to close the ring.
 - ⇒ Pro-tip: Do not twist so tightly that you can't get the ring off your finger!

- 6. Spread the 4 pipe cleaner branches apart to form an X.
- 7. Decide which color pipe cleaner you want to form the top part of the butterfly's wings and which you want to be on the bottom.
- 8. Cut about an inch off of the bottom pipe cleaner ends.
- 9. To create the top part of each wing:
 - a) Fold the very tip of the pipe cleaner down tightly. Fold it toward the inside (facing the bottom pipe cleaner).
 - b) Continue folding/turning to create a tight, inwardlydirected spiral with the pipe cleaner.
 - c) Spiral the pipe cleaner all the way down to its base, keeping the spiral even along the way.

- d) Repeat with second top pipe cleaner.
- 10. To create the bottom part of each wing:
 - e) Fold the very tip of the pipe cleaner down tightly. Fold it toward t

MATERIALS (INCLUDED):

- 2 Green pipe cleaners

- tightly. Fold it toward the inside (facing the top pipe cleaner).
- f) Continue folding/turning to create a tight, inwardlydirected spiral with the pipe cleaner.
- g) Spiral the pipe cleaner all the way down to its base, keeping the spiral even along the way.

- h) Repeat with second bottom pipe cleaner.
- i) Pinch/squeeze the outside pipe cleaner loop of each spiral slightly to make a pointed end.

- 11. To create the antennae:
 - i) Fold a short black pipe cleaner in half.
 - k) Slide through the center of the butterfly, between the wings.
 - I) Twist the black pipe cleaner above the top of wings.
 - m) Curl the ends of the black pipe cleaner slightly downward.

PROJECT 2: BEADED CORN

PREPARATION: Put your beads in a plate, bowl or cup so they don't roll around your table.

CREATE:

- 1. Line up your three brown pipe cleaners evenly. Find the middle and bend together slightly.
- 2. Twist the three brown pipe cleaners 3 4 times at the middle mark so they are firmly connected and not wobbly.
- 3. Spread the pipe cleaners out to form six branches, so the form looks like a star. Straighten out the branches.

- 4. String 10 beads on each pipe cleaner branch, pushing them all the way down to the middle twist.
 - ⇒ Pro-tip: Mix up the colors to look like dried ear of corn.
 - ⇒ Pro-tip: Once you have all the beads loaded onto the pipe cleaner branches, take a look and make sure you like the effect. If not, swap out or re-order some of the colors.

- 5. Gather the pipe cleaner branches together like a bouquet.
- 6. Holding the open ends to make sure the beads don't slide off, check

• Plate, bowl or cup (optional) that the beads are

MATERIALS (INCLUDED):

- 3 Brown pipe cleaners
- 60 Beads (a combination of red, black, yellow, orange, and brown)

- 8. Take one pipe cleaner and wrap it around the twist to secure it.
- 9. Arrange your pipe cleaner "husks" as you see fit.
